School Specials to Pace Dollar Days

Big Merchandising Event
Slated for Sept 4, 5, 6

"You've been asking for values," the merchants say. Well, dramatic bargains await shoppers next week as Sierra Madre girls for city-wide Dollar Days.

The huge merchandising event is scheduled for Thursday, Friday and Saturday, Sept. 4, 5 and 6.

Around the Square

R. Merritt Baker, city administrator, used the "positive approach" last week in asking merchants to be "helpful in improving the neat appearance of the business district."

Mr. Baker, who must have dabbled extensively in psychology during his career, sent a mimeographed letter to each business house, pointing out that "most of the merchants on Sierra Madre boulevard and Baldwin are especially careful about sweeping rubbish and litter into the gutters and streets, others are not so careful."

Almost as if it were an afterthought, he added this: "... and, incidentally, it's against the law to throw litter into the streets."

The note was concluded with the explanation that "this suggestion is offered in the interest of everyone and we hope it will be well received."

We hope so, too, Mr. Baker, and we're sure the psychology textbook authors would smile approvingly at your discreet appeal.

Did you get a chance to see the crafts exhibit at the bank this week? The work, completed in Mrs. Naomi Tisor's summer class at the school, included samples of copper etching, wood burning, ceramics, a whistle lanyard, and even a simulated clock made out of a paper plate.

If you are prone to think that "one vote doesn't count," or ask "what good will just one vote do?" pause a moment to ponder these facts. One vote had a lot to do with a lot of things in this country. For instance: Thomas Jefferson was elected president by one vote in the electoral college. So was John Quincy Adams. Rutherford B. Hayes was elected president by a single vote and, when his election was contested and it was referred to an electoral college, he won again by just one vote. If you're still not convinced, how about this? Single votes gave statehood to California, Texas, Idaho, Washington and Oregon.

What we're driving at in all this, of course, is that YOU should register to vote—and then vote. The deadline for the former is Sept. 11; the date of the election—in case you didn't know—is Nov. 4.

Police were called in on an unusual assignment this week. It all started when a local man, whose name we'll mercifully withhold, sat down at the dinner table for a serving of melon. For comfort's sake after the feast, he removed his lower plate and placed it on the melon rind; then promptly forgot all about it. His wife didn't notice it and heaved the whole works into the garbage can.

By the time the sad truth dawned, the can had been picked up. Mr. X asked help from the police in locating the garbage truck, so that a search could be undertaken. He's offering a reward if the dentures—Turn to page four

MAYOR MAKES CIVIL DEFENSE APPOINTMENTS

Four appointments to Sierra Madre's Civil Defense organization were announced this week by Mayor Henry F. Korsmeier.

Named to the post of director of the warden service was Dean Stoddard.

Col. and Mrs. Walter D. Thurbur have been appointed area warden and alternate, respectively, for Civil Defense District I-2.

William Noel, city street superintendent, is the new director of engineering services for the CD organization.

SWIM CLASS ENROLLS 75 NEW PUPILS

Seventy-five youngsters enrolled Tuesday for the second session of the Red Cross-sponsored "Learn to Swim Campaign" at the Canyon Pool.

The class, instructed by Mrs. Audrey Smith, will continue through Sept. 10.

"School opens on the 11th, so our course actually is limited to 10 full days," explained Mrs. Florence Peterson, executive secretary of the ARC Chapter.

As for the adults taking swimming lessons, Mrs. Peterson reported that 15 women are currently enrolled. Their class meets at 10 a.m. Tuesdays through Fridays.

"These women will form a nice nucleus for a lifesaving group next year," she pointed out. "They are finding the instruction valuable for teaching their own children how to swim or, at least, to evaluate their swimming techniques."

Any adults interested may join the class now by reporting at the pool at 10 o'clock on any of the mornings mentioned above.

'PHANTOM SNIPER' PLUNKS POOCH

The phantom sniper has lowered his sights some and is now taking pot shots at animals.

The unknown gunman also qualified himself as a promising candidate for "meanest man" honors.

He plunked a lead pellet into the right rear leg of a pet dog owned by D. E. Alexander, 221 N. Auburn. Mr. Alexander told police he found his dog sitting on his front porch bleeding from the wound. The bullet apparently was fired from a high-powered air gun, police said.

PROPOSED EXPANSION MAY FORCE FIRM OUT OF TOWN

Proposed expansion plans of the R. A. Hawks Company may have to include moving out of town, it was disclosed this week.

Owner Richard A. Hawks said this move was in "very tentative stages" of planning, "but a definite possibility."

He explained that some form of plant expansion probably will be necessary, but whether the company will remain in Sierra Madre or move to Pasadena still has to be decided.

The manufacturing concern owns property (100x196 feet) directly across the street on East Montecito and might be able to purchase adjoining lots to the west for a new plant. The company's lot, however, is used at present for parking employees' cars.

"That's the Number One problem—parking," Mr. Hawks said. He pointed out that if the parking lot were used for construction it would put most of the cars out onto the street, and parking on that portion of East Montecito is restricted to two hours.

The Number Two problem, he continued, is "the general feeling in town that industry is somewhat undesirable."

The city as a whole never has been too interested in manufacturing, Mr. Hawks pointed out.

Water Projects Aired

Preliminary steps were taken Tuesday for extensive work in Sierra Madre's water department.

Water Superintendent Al Freeland and City Engineer L. Frederick Pack were authorized to prepare plans and specifications and advertise for bids on the proposed work.

Bids will be sought on fencing in the entire water spreading grounds area. Cost of this phase of the project must not exceed \$5000, the City Council

stipulated. Other work (\$4000 worth of it) is contemplated for the spreading ground basins themselves and the spillways between basins.

Bids also will be sought on the replacement of 6-inch water mains at the following locations in the city: Laurel, between Baldwin and Auburn; Laurel, between Adams and Hermosa; and Highland, between Adams and Auburn.

It was pointed out that new mains actually are not needed yet on Highland, but this street is scheduled for repaving anyway. As Councilman Lawrence Washburn put it, "We'd be stupid not to put them in while the street is open."

The outright purchase of 60 rolls of roofing paper was okayed by the council for repairing the roof of the Grove Street Reservoir. Cost of the paper is not to exceed \$200.

Councilmen Set 1952-53 Tax Rate At \$1.47 Per \$100 of Valuation

ZESTY CAMPAIGN music will burst forth from the lips of these and other members of the Sierra Madre Republican Glee Club at the big GOP Picnic and Rally next Thursday, Sept. 4, at the City Park. Gleeclubbers shown rehearsing for the event include (left to right) Leonard Franco, Mrs. Palmer Ford, Palmer Ford, Mrs. William Hawkins Jr., Don Parker (at piano), Elsa Seifert, Mrs. Bernette Meeder, Mrs. Pat Zebal, Mrs. Don Parker, Mrs. Peter Ward, and William Hawkins Jr., Mrs. Stanley Fish, club director, and several other songsters were not present for the picture. The baby in the foreground, "Gusty" Hawkins, son of the William Hawkins Jr., promises not to sing at the rally. He's in the lineup to illustrate the latest in political advertising: a perambulator equipped with a "Hiestand for Congress" streamer.

Lively Music to Set Mood For Big Republican Picnic

Final details were announced this week for the giant Republican Picnic and Rally to be held next Thursday, Sept. 4, starting at 6:30 p.m. at the City Park.

Kidnap Note Found at Sea Termed Hoax

A scribbled note stating that a "Bob Meyers" had been kidnapped was found in a plastic box floating in the ocean off Long Beach Monday morning.

Long Beach police went to work immediately and enlisted the aid of several police departments, including Pasadena's and Sierra Madre's.

The Pasadena station thought the victim might live at 282 W. Sierra Madre boulevard. This address turned out to be the radio shop of Ed Meyer.

Local officers checked with Mr. Meyer, who said the only Bob Meyer he knew was his 10-year-old son.

Contacted at his home at 635 E. Grandview, Bob professed no knowledge of the note, plastic box, or alleged kidnapping.

The note had said: "Help, being kidnapped to Catalina. (signed) Bob Meyers."

Police were inclined to think it was all a hoax—or, at least, the "Bob Meyers" was not from Sierra Madre.

The picnic phase of the event will include an old-fashioned basket supper, with coffee, lemonade and ice cream served by the hostesses of the Sierra Madre Republicans.

Mrs. Lucille Eaton, publicity chairman, emphasized that the big affair is open to everyone. "But be sure and contact Mrs. Alexander Black, Custer 5-1259, if you're coming, so we will have enough coffee and lemonade," she said.

Sierra Madreans will bring their own basket suppers.

The rally will include spirited music dishied out by the Republican Glee Club and community singing. 48th District Assemblyman Frank Lanterman will introduce the guest of honor, Edgar Hiestand of Altadena, who is running for US Congress from the 21st District.

Guest speaker will be Jack W. Hardy, deputy attorney general for the State of California. The distinguished Los Angeles attorney will be introduced to Sierra Madreans by Thomas M. Schwartz, master of ceremonies.

Mr. Hardy has served in both the Army and Navy Reserves and at present holds the rank of Lieutenant Commander, USNR, after four years' service. Turn to page eight

Presbyterian Rites to Lay Corner Stone

Cornerstone ceremonies are planned for Sunday, Aug. 31, at the new Trinity Presbyterian Church building, now nearing completion at 3740 Sierra Madre boulevard, Hastings Ranch.

At 12:15 p.m., immediately following the worship service at the Sierra Madre Woman's Clubhouse, the church congregation will move en masse to the building site.

The brief rites will be conducted by the Rev. Donald H. Ostrander, pastor.

William Schmidt, an official of the local Presbyterian Church, pointed out that the event will give members of the congregation and friends "the eagerly-awaited chance to inspect the new building which is now rapidly nearing completion."

"We hope to occupy the church in the very near future," he added.

City Votes \$300 For Training CD Instructors

The expenditure of \$300 was approved by City Council Tuesday night for the training of instructors in Sierra Madre's Civil Defense organization.

Under the program, local men will be trained by the state and become instructors in matters pertaining to civilian defense. The expenditure was recommended by Col. Charles Gildart, associate CD director for Sierra Madre.

STORES TO CLOSE FOR LABOR DAY

All Sierra Madre stores will be closed Monday, Sept. 1, for the Labor Day holiday.

But virtually every merchant will remain open for business Saturday and thrust aside the temptation to make it a three-day weekend for them, too.

GOP Glee Club Invites Warblers To Rehearsals

"Come on out and sing with us," invites Mrs. Stanley Fish, chairman of the Republican Glee Club, which is rehearsing for a songfest to be held at the Sierra Madre Republican Clubs picnic Sept. 4.

The next rehearsal of the Glee Club will be tomorrow night, Friday, 7:30 p.m., at the home of Mrs. Noren Eaton, 145 E. Alegria.

Don Parker, well-known Sierra Madre musician, is pianist for the program.

New Pupils Should Enroll Next Week

Registration of new City School pupils, those enrolling here for the first time, is slated for Tuesday, Sept. 2, through Wednesday, Sept. 10.

Kindergarten enrollees should bring birth certificates, it was announced.

The registration period excludes Tuesday, Sept. 9, which is Admission Day, a legal holiday.

Vacation Time Dwindles

SCHOOL STARTS SOON, KIDS

It won't be long now, kids.

Time is running out on that favorite time of the year—summer. And with its departure, children and youths must again take their places in classrooms.

Here's a rundown on the bad news (possibly good news, if you're a parent):

City School students will be gypped out of two days of freedom. They report back on Thursday, Sept. 11, while most of the other schools do not open until Monday, the 15th.

The Sept. 15th opening date is the case for all Pasadena City Schools, including junior highs and junior colleges, and for Ascension Parish Day School (excepting kindergartners, who report on the 16th).

A spokesman at St. Rita's School preferred not to announce yet when that school will open. "It's scheduled for Sept. 15, but the building program may delay our opening for a week," she said.

Sierra Madre public school teachers will report for work on Monday, Sept. 8. Monday and Wednesday are planned as "orientation days" and will be devoted to planning the school year and taking inventory of each classroom. A staff meeting also is scheduled with Miss Bernice Bryan, coordinator of the Science Program for the Los Angeles County schools.

CITY 'HOLDS LINE' WITH SAME RATE

Sierra Madre's city tax rate for the fiscal year, 1952-53, has been set at \$1.47 per \$100 of assessed valuation.

This makes it the third consecutive year that the city councilmen have established this same rate per cent of taxes for municipal purposes.

The action, which came at Tuesday night's meeting of the council, passed without discussion except for Mayor Henry F. Korsmeier's remark that it was the same amount as last year.

Although the rate remains the same, the actual amount of revenue needed to be raised through taxation has increased by \$11,059.22 over the 1951-52 amount which was \$101,384.77. The total tax levy for this new year was set at \$112,443.99.

This amount will be raised on an assessed valuation for Sierra Madre of \$7,649,250—a figure \$539,020 larger than the assessed valuation of last year, which was \$7,110,230.

Actually, it was this increased assessed valuation figure that made possible the same tax rate in spite of bigger tax levy figure.

As in years past, the city's general fund was set at \$1 per \$100 assessed valuation, the legally allowable amount. The balance of the \$1.47 rate is included in the following:

Library fund, 15 cents; maintenance and improvement of public parks, 7 cents (a decrease of 6 cents); and the interest and sinking funds, 25 cents (an increase of 6 cents).

The 1952-53 assessed valuation figure for Sierra Madre is broken down as follows: value of land, \$3,051,360; value of improvements, \$4,146,290; value of personal property, \$594,850; value of public utilities, \$578,100; less exemptions, \$721,350.

Kiwanis Club Will Sponsor 'Kids' Day'

Sierra Madre today joined the hundreds of other communities throughout the United States, Canada, Alaska and Hawaii that will sponsor National Kids' Day on Saturday, Sept. 27, Hugh Warden, president of the Kiwanis Club, announced.

National Kids' Day is designed to attract more attention to the problems of underprivileged children and to raise funds to meet these needs, Mr. Warden explained. It also attempts to focus attention upon the accomplishments of youth, he added.

The local Kiwanians are joining with most of the other 3300 clubs throughout the continent in planning observances for the day in cooperation with the National Kids' Day Foundation, Inc., of Hollywood.

"Plans for the celebration here are almost complete," Mr. Warden continued. "Our entire program, which will be announced shortly, is designed to provide material help for youth."

CONTEMPLATING THIS TRIP? L. W. MCGINNIS SAYS DON'T

"My advice for anyone contemplating such a trip is this—don't!" Those were the words of Larry McGinnis, 381 N. Mountain Trail, who returned Sunday following a 12-day pack trip over the Mount Whitney Pass and out through the Cottonwood Creek.

Mr. McGinnis, who described the treacherous trails as "good places for angels but nobody else," related that his party lost three mules over the side of the sheer cliffs, and one of the beasts was killed.

And one man—their guide, of all people—was seriously injured in a fall. "Instead of his taking care of us, we had to watch out for him," he added.

During the trip over the pass, it was nine hours in the saddle without a break, the Sierra Madream stated, still wincing at the memory. The altitude (13,600) sapped their energies, and Mr. McGinnis said frequent avalanches made about half the trails impassable.

"But to look at the brighter side of it," he smiled, "we did catch some of those wonderful golden trout."

Also making the trip were Mrs. McGinnis and her brother and sister from Chicago, Otto and Josephine Tasch.

Polio Increase Brings Cost Up During July

Increase in local polio cases required the Los Angeles County chapter of the National Foundation for Infantile Paralysis to spend more than twice as much in July as the amount spent for care in June.

It was announced today by Stuart Chevalier, acting chairman, that a total of \$90,254.79 was spent for individual care of patients in July, bringing total expenditures since Jan. 1 to \$636,268.45.

Voluntary and contractual refunds from institutions and other sources amounted to \$470 in July.

"In face of staggering expenses, the National Foundation is keeping its promise that every person stricken with this dreadful disease will be provided with the best treatment up to the full cost of care," declared Chevalier.

With scarcely one out of five families able to pay for the long expensive care polio often demands, the aid of the Foundation is needed more than ever before, he added.

Maude Wheeling Has Crocheted Entry At Fair

Mrs. Maude Wheeling, 101 E. Sierra Madre boulevard, is entered as an exhibitor in the home economics department of the 1952 California State Fair, which opens in Sacramento today.

Mrs. Wheeling's entry is a crocheted infant's cap. It is in class 12, section 140, of the fair.

The State Fair promises to be bigger and better than ever this year, with an anticipated attendance of three-quarters of a million or more. Building facilities are improved, new special events are planned, and horse racing is scheduled for nine days. The fair will continue through Sept. 7.

Dedicate Memorial to Father of Labor Day

M. A. Hutcheson, president of the United Brotherhood of Carpenters and Joiners, places a wreath on a memorial to Peter J. McGuire, who first proposed a national labor holiday in 1882, and fought for it until Labor Day was legalized by Act of Congress in 1894. The memorial is in Arlington Cemetery, Camden, N. J. Shown participating in the recent ceremony honoring McGuire are William Green, president of the American Federation of Labor (left), and Secretary of Labor Maurice J. Tobin. McGuire, who died in 1906, was also founder of the carpenter's brotherhood.

UPPER HASTINGS RANCH PARTY LINE...

By MARGE THOMAS, Custer 5-2951

There was a Circus Party, last Tuesday, at the home of Gen and Paul Kelley, on Coronet avenue. Young Steve celebrated his third birthday "under the big top." Luncheon and various games were enjoyed by Gail Templar, Karen Bradford, Sharon Knick-Krehm, Candy Cline, Kip Christianson, Michael and Steve Cline. The mamas, Mrs. Gordon Templar, Mrs. Bill Bradford, Mrs. Allen Knick-Krehm, Mrs. Warren Cline and Mrs. Ken Christianson, were invited and enjoyed themselves as much as the children did.

Mary Anne and John Osgood of Tropical avenue had a very successful cocktail party last weekend. Shirley and Claire Hoke were among the many attending to "pay tribute" to the guests of honor, Judy and Tom Castle of Cleveland, and Mary Anne's sister, Nancy Daugherty. Nancy has been visiting the Osgoods from Indianapolis for the past month and will be returning to her home after Labor Day.

My face is very red and I am full of apologies. It seems that I managed to misname one of our recent arrivals, in last week's column. The new member of the Stanley Krugman household is Tommy.

Eleanor and Cliff Voges have just wound up their vacation and what a time they've had. Cliff had to spend a month in San Francisco so Eleanor and daughter, Lynne, joined him for the last two weeks and the vacation was unofficially started. When they returned home, they continued another two weeks of fun at the nearby beaches.

Dorothy and Don Mortensen chose the Redwood Highway and the beautiful country around Eureka for their "change of scenery." The younger members of the family, Judy and Eric, accompanied them.

Joanne and Bill Puls are enjoying a drive up the coast to San Francisco. Santa Barbara and Carmel are on their list of stopping places. The Fairmont Hotel will be their headquarters while in the Bay City. Little Theresa is the houseguest of her grandparents, the McKooms, while Joanne and Bill are having their fling.

Shirley and Gene Whipple are certainly having a grand trip. They are going back to New York for a visit. While they are in the East they are getting a new car and will have a nice motor "tour" back to the coast. I don't know which I envy them the most, the trip or the new car.

Mrs. James Hogg of Honolulu and her daughter and two sons, Lynne, Peter and Kim, have just terminated a six-week visit with Mrs. Hogg's brother and sister-in-law, Hugo and Mary Lou Burgwald. The trip was for pleasure and, judging from reports, it was a huge success. Lynn decided to remain in town and attend Pasadena City College next year.

Community Forum Group Gets Set For Big Season
At a meeting of the Community Forum committee held at the Monrovia-Duarte High School last Thursday, much enthusiasm was shown over the four color motion pictures and four lectures to be presented this year.

The forum presentations will be held in the high school auditorium beginning Sept. 25. It has been revealed that the high school Board of Trustees has authorized installation of a new sound system for the auditorium. Superintendent S. C. McIntire has said that the new system will cost approximately \$2000 and is the finest available.

During the past years several individuals complained because they could not hear the speakers. It is expected that with the new speaker system everyone with normal hearing will be satisfied.

The Community Forum committee met primarily for the purpose of organizing a sales campaign for season tickets. Several clubs and civic organizations sent representatives who will help to push the sales higher this year.

The committee points out that season tickets may be purchased at the Monrovia and Duarte Chambers of Commerce and at J. W. Hudson's office, 104 S. Myrtle, Monrovia. Those who wish to order tickets by mail may do so by sending one dollar for each season ticket desired to the Monrovia-Duarte Evening High School, Colorado and Madison, Monrovia.

Rites Held Saturday for Mrs. Howe

Funeral services were held in Glendale Saturday for Mrs. Alice May Howe, 82 W. Alegria, who died Wednesday, Aug. 20.

A native of Goldrun, Placer County, Calif., Mrs. Howe had been a resident of Sierra Madre for four years. She was a member of the Church of the Good Shepherd in Arcadia.

Mrs. Howe is survived by a daughter, Mrs. Dorothy Howe Koenig, and granddaughter, Alicia Hamilton, both of Sierra Madre; two grandsons, Robert K. Howe of Lakewood Village and Thomas J. Howe of Arcadia; and six great grandchildren.

Dr. Willis Martin officiated at the services Saturday. Committal was private. Grant Chapel was in charge of arrangements.

JOAN BENNETT TO STAR IN STAGE COMEDY

After one of the most successful tours ever undertaken by a stage comedy, "Bell, Book and Candle," the John van Druten saga of modern day witchcraft, will be seen at the Biltmore Theater, Los Angeles, for a two weeks' engagement beginning Monday, Sept. 15.

Starred in the beguiling comedy are Joan Bennett, glamorous Hollywood star, while her vis-a-vis is the dashing Zachary Scott. They come here after six gay months in Chicago, where everyone, critics and theatergoers alike, agreed that a more enchanting pair was never presented before the footlights.

During the two weeks' run of "Bell, Book and Candle" at the Biltmore, matinees will be presented on Wednesdays and Saturdays. No Sunday performances will be given.

CHEST X-RAYS AVAILABLE FREE IN SEPTEMBER

Although the county's chest x-ray unit is not coming to Sierra Madre this year, residents are asked to go to it for their annual free check-ups.

The mobile unit will be at the corner of South Myrtle and West Lime avenues in Monrovia Sept. 8 to 12, and at the East Pasadena Youth Center, Willard School grounds, 301 S. Madre street, East Pasadena, on Sept. 15 and 16.

The schedule for the Library Park in Monrovia is as follows: Monday, Sept. 8, 9 a.m. to 3:30 p.m.; Tuesday, Sept. 9, holiday; Wednesday, Sept. 10, 9 a.m. to 3:30 p.m.; Thursday, Sept. 11, 1 to 7 p.m.; Friday, Sept. 12, 1 to 7 p.m.

At the Youth Center, the x-ray machine will be in operation from 9 a.m. to 3:30 p.m. on Monday, Sept. 15; and from 1 to 7 p.m. on Tuesday, Sept. 16.

County health officials pointed out that anyone 15 years of age and over may have his chest x-rayed. "You do not undress; it takes only a minute and does not hurt. You take a deep breath, and hold it—that is all. All reports are confidential." It was explained.

Drive Opens To Combat Crippling 'MS'

"Never in the history of our country has a major disease been as little understood as is Multiple Sclerosis. Only through public support can the truth be learned about this mysterious and terrible affliction."

This was the statement today of Dr. J. J. Karpeles, Chairman of the Board of Directors of the California Chapter of the National Multiple Sclerosis Society, in announcing the opening of the Society's first "all-out" public education and fund raising campaign.

"More than a quarter of a million Americans are suffering from this terrible, crippling disease," he said. "Multiple Sclerosis is a disease of the nervous system affecting sight, walking, balance and speech." Dr. Karpeles' statement continues:

"It strikes without warning, mostly at young adults in the prime of life and converts healthy young bodies into useless, crippled bits of humanity. Although MS has been spreading over our nation for 100 years, it is still difficult to diagnose and its cause and cure are unknown. Now, for the first time, America is beginning to strike back at MS."

"Funds are desperately needed to help carry on our three-fold program against MS. First for research, to find the cause, control and cure of MS; second for service, to provide more clinics to treat the thousands of MS sufferers; third for education to warn the public of the MS danger."

"The goal of our local campaign is \$200,000. I urge every Southern California resident to help stamp out this ruthless, crippling disease. Contributions may be sent to MS, Post Office Box 30, Los Angeles."

Miss Nola Johnston, a former resident of Sierra Madre, is the guest of Mrs. Gordon Brooks, 360 Mariposa.

KAY GATES BRINGS REPORT FROM EARTHQUAKE SCENE

Mr. and Mrs. H. V. Gates, 3860 Canfield Drive, Hastings Ranch, have returned home following a two weeks' vacation in the Bay Area, bringing with them a dramatic report of the earthquake damage at Bakersfield.

Mrs. (Kay) Gates, who writes the NEWS column "Meeting Your Neighbors in the Hastings Ranch," said they drove through the heavily-damaged town less than 24 hours after the tragedy struck.

"All downtown streets were blocked off to traffic and pedestrians, so that our view of the main damage was only from the side streets, but it was a most depressing sight," the correspondent related.

She stated that in the blocks of homes adjoining the downtown section not a single chimney was intact.

"And beds were set up on many of the lawns, where residents slept Friday night, fearing to spend the night indoors."

"There was indeed tenseness in the air as we sat sipping coffee in the Inn and listening to waitresses tell of dishes vaulting out of the cupboards behind them with an unbelievable force as they stood in that same

spot the previous afternoon, and of the littered floors they found when they returned to their homes that evening," Mrs. Gates continued.

She paid tribute to the courage of the citizens of Bakersfield by pointing out that "they had been through a terrifying experience yet they were already hard at work repairing the damage and cleaning up the debris."

The gastronomic event will precede the lodge's regular stated meeting for that night, according to Thomas C. Pollgreen, master.

A 15-word classified ad in the NEWS costs only 50 cents.

YOU PAY A LITTLE MORE NOW
BUT FAR LESS IN THE LONG RUN
When you buy an automatic gas water heater with a

10-YEAR WARRANTY PLAN

Remember this important difference: All automatic gas water heaters look more or less alike. But don't take it for granted that each will serve equally long and well. There's one important difference... the 10-year warranty plan. And the way to be sure of getting an automatic gas water heater that will serve you for years and years and years is to buy a make and model that carries this plan. A 10-year warranty plan is your assurance of a top-quality appliance that will give you long and carefree service.

It all boils down to this: In automatic gas water heaters—as in anything else—you get what you pay for. A lower-priced model naturally has thinner metal, less resistance to the corrosive action of water and a shorter life.

So pay a little more now. Buy a make and model of automatic gas water heater backed up with a 10-year warranty plan. Your plumber-dealer has one.

2 other good rules to follow: 1) Insist on an automatic GAS water heater because gas heats water three times faster and costs less. 2) Buy a model big enough for both your present and future needs—big enough to keep

ahead of automatic clothes washer and dishwasher when you install them. Your plumber-dealer's approved sizing chart tells the exact size automatic gas water heater you need in your home.

Bus Benches Make News At Council

Bus-waiting benches figured in the news this week, as the City Council pondered two requests.

One came from Harry G. Fisher, 260 S. Mountain Trail, who asked permission to put in a bench—at his own expense—at Mountain Trail and Sierra Madre boulevard.

"It's an effort to beautify the parkway area," he explained. "Children waiting for buses swarm over the parkway and make it impossible to make it beautiful."

Mr. Fisher thought the youngsters might sit on the bench and save the parkway flowers.

Councilman William A. Kin-

ney said he thought Mr. Fisher was being "over optimistic about the children not swarming over the parkway," but he moved that the permission be granted. In voting approval, however, the council stipulated that the bench must not contain advertising.

The second request regarding benches came from Mrs. Mabel Munson, distribution chairman of the First Church of Christ, Scientist. She pointed out that since the PE Depot was removed her church has been short a box for placing copies of the Christian Science Monitor. Mrs. Munson thought such a box could be fastened to the back of the bench located at Hermosa and Sierra Madre boulevard.

The councilmen remarked that (1) the bench is privately owned (by the Church of the Nazarene) and (2) that it bears advertising and the city is considering having it removed.

POOL TO OPEN ON LABOR DAY

The Canyon Pool will be open for business on Labor Day, Sept. 1, Manager Harold S. Turner announced this week.

This will mean that the weekly draining and cleaning session at the plunge will be delayed until Tuesday. Ordinarily, the pool is closed Mondays for this operation.

The pool still will be open on Tuesday, however, but probably not until 3 p.m., Mr. Turner explained.

CARLSONS LEAVE ON PAINTING TREK TO CARMEL

Mr. and Mrs. A. V. Carlson and daughter, Vicky Sue, 471 Foothill avenue, left last week for their annual painting vacation in Carmel.

For three years they have had the same reservations in a "regular artist's garage," enthusiastically reports Mrs. Carlson, adding that "this summer's aims are a painting a day for Al, and background pictures for ballet scenes for me." (Vicky Sue? She poses.)

NOTE POLITELY WARNS RUBBISH VIOLATORS

Rubbish violators were warned this week, in a nice sort of way, of course, that they'd better place their rubbish in containers.

A form letter, over City Administrator R. Merritt Baker's signature and countersigned by H. S. Embree, acting police chief, went out to residents suspected of violating the city ordinance which makes it unlawful to dump rubbish in the streets.

"A city-wide effort is being made to make Sierra Madre a neater, cleaner city," the letter stated. " . . . Grass clippings cause seed to sprout and grow grass in the street gutters. Rubbish deposited in the streets interferes with street cleaning and often clogs drains." Mr. Baker opened and closed his letter with these words: "Please cooperate."

ENGLARS RETURN

Mr. and Mrs. Eugene Englar, 405 N. Canon drive, have returned home after two weeks of basking in the sunshine at La Jolla.

AROUND THE SQUARE

From page one—
are salvaged. So far, we haven't heard that they were.

Younger brothers and sisters (and even some parents, too) took a beating Friday night when the kids got home from Sierra Madre's Community Song-Fest. After the judo demonstration, which was a part of the show, they all tried out the various holds and throws. No serious casualties were reported, however.

The 300-plus people at the sing agreed that Sierra Madre should have more of the same. It was a wonderful "hair-letting-down" evening, and everyone had fun. When's the next one?

Mrs. Georgene Salisbury likes the way we handled her store opening publicity. Yep, she said so in a letter. To use her own words, she thanked the NEWS "for their wonderful cooperation in making the opening of Georgene's Flowers such a huge success."

Aw, shucks, it was nothing, really.

We really had 'em baffled last week. We use the pictures of Harry Lange, Rudolph Hartman and Harold Roberts so often that—just for the sake of variety—we ran them last week without captions. We included the names, but no "catchlines" to hint which cut went with which story. Some of the reactions Around the Square were, to say the least, amusing.

Yeah, we saw it, too. "It" flew over the city at about 7:40 p.m. Monday night. To us it appeared to be a silvery oblong (notice, we don't say disc or saucer) trailed by a pink plume. There were many reports from townspeople who saw the object, but our favorite theory is this: it MAY have been a jet plane flying so high that it still caught the rays of the already-set sun. The plume? It MAY have been the plane's vapor trail or rocket blast. Sort of makes you wonder, though.

BID GUESTS TO BUFFET TO MARK ANNIVERSARY

One hundred and fifteen guests, including a number from Sierra Madre, joined Mr. and Mrs. Eugene Baird of 156 Andre, Monrovia, in celebrating their 50-month anniversary Saturday.

A number of guests swam in the Baird pool before the buffet supper, served in the gardens of the host and hostess. Following supper Mrs. Baird's uncle, Harvey R. Chessman, showed pictures which he and his wife shot during a six-months stay in Africa.

Among the guests from this city were Mrs. Baird's parents, Mr. and Mrs. F. D. R. Moote, of 689 W. Sierra Madre Blvd., and Mr. Baird's parents, Mr. and Mrs. W. A. Evans of 397 W. Montecito.

Mr. and Mrs. Baird are in the habit of celebrating their wedding anniversary each month, but decided to call in their friends for a large-scale celebration on the occasion of their "gold-plated" anniversary.

They're also famous as the originators of the Yellow Springs Area Theater, whose Shakespearean Kings drama festival got a rave notice last week in no less than the New York Times theater section. Barbara should have a lot to talk about when she comes home next time!

Flo-Ree Pascoe and Mollie O'Donnell will leave this week for Manhattan Beach, where they will be guests for several weeks of Mollie's cousin, Betty Winn.

Jeanne Polgreen, who will enter Bob Jones College this fall, was feted at a Sunday night "Sing" given by members of the Bethany Church Choir at the home of Dolores Plesuk. Jeanne was presented with two handsome pieces of luggage and a purse containing spending money, the gifts of various friends from the Bethany congregation. Refreshments of cake and iced tea were served by the hostess and several assistants.

Kathy MacAuley left Monday for a week at Ensenada.

Bill Burr and Tony Rudbach will leave Sunday night for a week in Balboa. For why?—"to have a good time."

Add Teen Talkers: One who is informed has been "checked-out"; the gal or lad who has been "sheefed" (what used to be known as stood up) is "definitely hung up."

What They'll Wear: back-to-school shoes will be white buck saddle oxfords again this year. These popular numbers originally turned up on the campus at Stanford and other northern universities. They're easy to keep clean, thanks to a powder bag which you can carry in your purse. Practical, and good for your feet.

Mrs. Nellie L. Vieira has returned to this city from San Jose, where she visited her daughter, Mrs. Reginald Dougherty, and got her first look at her new grandson, Robert Lawrence, who arrived June 1.

During her vacation Mrs. Vieira also went to Saratog to visit the family of another daughter, Mrs. Glenford Dennee. During her stay there they spent several days on the "Cherokee," the Dennee's 40-foot cruiser, and did some fishing.

This was Mrs. Vieira's first experience with the sport, and she regards her catch as "beginner's luck."

MEETING YOUR NEIGHBORS IN

Hastings Ranch

Our thanks to Ruth Malone, society editor, for "carrying on" in the last issue while your correspondent was away. She had the editor's job too on her hands while he was on vacation. A big job well done, Ruth.

During the past two weeks there seems to have been a general return to our homes here with vacations just pleasant memories to most of our residents. On Pembroke Drive, the Bud Howells returned from a camping trip at Yellow Pine in the Bitter Root Mountains of Idaho—very primitive country where they were most thankful for the companionship of their German Shepherd, "Boy," during those dark nights in the wilderness. Enroute home the family enjoyed many points of interest—the Columbia River Highway, Bonneville Dam, Crater Lake and Shasta Lake. Also, the Frank Feys of the same street are home after a camping trip to June and Virginia Lakes and Paradise Camp.

On Hampton Road, we find the Robert Meserves just back from two weeks with Mrs. Meserve's parents on Bainbridge Island, Washington.

Shadow Grove Road welcomed home the Ira Simpsons during their two-month stay in the cool resort areas of Michigan, and the Elmer Mortons who spent one week on a family vacation at Balboa after which they took off, sans younger fry, to Big Sur near Carmel, for the second week.

Among the vacationers on Landfair Road were the Robert Cress family, who divided their time between Laguna Beach and the mountains; the John Balluffs, who vacationed at Mission Bay, near San Diego, for two weeks, boating, fishing and swimming; and the Wilbur Brans, who spent a week at Big Bear.

On Rim Road, the Arthur Swansons returned from Lake Arrowhead and Laguna Shores, and the Lewis Scarfs, from two weeks in Oregon, Washington and Victoria.

And Canfield Road had among its vacationers the Louis Boggio family who returned home after a most interesting two weeks on a colorful ranch near Agua Caliente in New Mexico. The ranch, "Rest Haven," is owned by Mr. and Mrs. A. C. Bohmstedt of Pasadena, and is located at 6700 feet in an isolated area. The Boggios enjoyed daily baths in the pool in which there are five kinds of mineral hot water of 98° temperature. (Several hot springs resorts are situated in and around Agua Caliente.) They also hiked up to an altitude of 9000 feet in the adjoining mountains, hunted Indian relics, which netted them one arrowhead piece, and visited interesting mines there. We understand that Bob, who is interested in becoming a geologist some day, returned home with a rock collection of which he is justly proud, and his sister, Rozella, is of course equally as proud of the real Indian arrowhead she found.

Other Canfield Road vacationers were the Bob Vincents who spent an enjoyable and, as I might add, a most profitable time in the High Sierras in the June Lake area, as they came home really loaded down with fish. They celebrated their good fortune, too, in a most generous manner—a nice patio-fry-barbecue-party, for several of their neighbors who they say so kindly tended their home while they were gone. After the delicious trout dinner—and we hear Mrs. Vincent is a culinary artist in preparing trout for the barbecue grill, the couples danced and sang together on the patio. One of the guests, Mrs. Henry McNulty, played her clarinet for the group. Seems she used to have her own all-girl orchestra—didn't know we have an Ina Ray Hutton in the Ranch, did you? Those who enjoyed the neighborly evening were: the Leo Tondreaus, Louis Boggios, Henry McNultys, Roger Boens and Kenneth Hoagland.

The Alfred Knesbys of Canfield Road have had as their house guests for two weeks the Joseph Dorners from Philadelphia. Their three sons, Joe, Eugene and Ronald, accompanied them out here. However, we understand Joe and Eugene became so fond of California that they decided to become residents of our state and will stay in the Ranch until they are permanently located.

Thirty-two members of the Christian Fellowship of Presbyterian Men met for dinner Wednesday night at the home of Mrs. Donald Klett, 660 Rim Road. They heard Dr. E. Pearce Hayes, who spent 30 years in the Orient, discuss "What Debauchery in China Means to Us." Robert Fleming is president of this group.

POSTPONE MEETING OF NURSERY SCHOOL

Announcement was made this week by Mrs. Milton Valois, president of the Nursery School Auxiliary, of the postponement of the meeting Wednesday night, Sept. 3, to Wednesday night, Sept. 17.

A place and time will be announced later, Mrs. Valois said. At this time, she continued, plans for the fall fashion show will be discussed.

Voters League Planning To Get Out Vote

Integrated plans for a stepped-up campaign to get out an informed vote in the November General Election were perfected at the meeting this week of the Board of Directors of the League of Women Voters of Pasadena.

Mrs. Arthur Hanisch, league president, announced that work has already begun on several aspects of this program. Highest priority from now until November 4 will be given to the voters' service plans of the league, Mrs. Hanisch said. Emphasis will be placed on increasing registration and on giving out information on ballot measures. To this end, Mrs. Walter C. Rogers, voters' service director, met this week with a core committee of 15 to outline the job ahead. Mrs. Rogers will be assisted in this leadership by Mrs. John F. Clark.

During Registration Week, Sept. 2 through Sept. 11, league members will staff mobile registration units in order to make registration easy for those who otherwise might fail to meet the deadline of Sept. 11. This service was given last year with excellent results. Mmes. Glen D. Bessonet, D. G. Campbell and Wilson E. Stockwell will serve as chairmen of these units which will cover the entire area of Pasadena, under Mrs. Rogers' direction.

At a general membership meeting at the Pasadena Public Library, at 9:45 a.m., Sept. 22, pros and cons of the numerous ballot measures will be given by league speakers. This meeting will also be open to the public. In addition, the league will follow a precedent of long standing when it holds a public meeting, on ballot measures, at 7:45 p.m., Oct. 29, at the Library.

As a part of its service to voters in giving out information, the league plans to staff its office during the entire month of October. One week before election day, beginning Oct. 27 and including Nov. 4, league members will also staff information booths at strategic spots in Pasadena. Informed personnel will help voters by giving out pertinent facts of candidates' records, party platforms, pros and cons on ballot measures and data on election procedure.

City Ponders Holiday Plan For Employees

The City Council called for a clarification this week of the city's policy regarding holidays, sick leaves, and vacations, for municipal employees.

City Administrator R. Merritt Baker is instructed to work with City Attorney T. Guy Cornyn in plotting out sort of a "political code holiday" schedule for Sierra Madre.

It was pointed out that employees in some departments get holidays off, while there has been no provision for holidays in other departments, notably the Police Department.

Councilman William A. Kinney remarked that the policemen usually cannot take off equivalent time (after a holiday) without crippling the department.

Mayor Henry F. Korsemeier commented that the council previously had authorized overtime pay for such situations, but that Mr. Baker has never recommended anyone for overtime following the loss of a holiday.

The councilmen expressed the hope of having a unified policy set regarding holidays.

STAGE ALL SET FOR WORLD'S BIGGEST COUNTY FAIR

The stage is all set and everything is in readiness for the Silver Anniversary celebration of Los Angeles County Fair in Pomona Sept. 12 to 28. For seventeen exciting days and colorful nights the 400-acre exposition park will be the scene of one of the greatest panoramas of achievement ever staged in the southland. Here agriculture, industry and culture represented by some 40,000 exhibits, will be on parade in an amazing spectacle.

MUSIC, BOXING, JUDO PACE BIG COMMUNITY SONG FEST

Novelty musical numbers and boxing and judo exhibitions set the pace for Sierra Madre's Community Song-Fest—the first since the 1920s—which was attended by more than 300 townspeople Friday evening.

Assisted by Mrs. Donna Marsh at the piano, Mrs. Matilda Smith, City School music teacher, led the crowd in singing popular songs of today and yesteryear.

Among the special entertainment features were several solo selections sung or played by the following:

Mrs. Marian Rutenschroer of Cincinnati, Ohio, a sister of the song-leader, Mrs. Smith, sang a solo, "Down By the Old Swim-

min' Hole." Her 7-year-old daughter, Maureen, then mounted the platform to sing "Who's Afraid of the Boogie Man?"

Bob Willis, 12-year-old boy soprano from Sierra Madre, offered his rendition of "Old Shanty Town."

Two instrumental selections were presented by Violinist Danny Anderson, 14, the son of Prof. Earle Anderson of Pasadena (Nazarene) College. Danny, accompanied by his sister, Judith, 16, played "Czardas" by Monti; then chose "Polish Dance" by Sevrin as his encore number.

For the second part of the program, Sierra Madrenes shifted their interest from the musical to the muscular. With Athletic Director William Smith in charge, two demonstration boxing bouts were staged in an improvised ring.

The first bout pitted Richard Chemotti against Dan Sprague. The two 8-year-olds, wearing headguards and 14-ounce gloves, boxed to a draw during the two, one-minute rounds.

Two 14-year-old boys, Dick Stinton and Lee Gram, battled to a draw in the second bout.

The third phase of the evening was an educational and entertaining demonstration of judo, or Greco-Roman wrestling, staged by Bud Carew, a lay assistant in the physical education department of the Pasadena YMCA.

Mr. Carew, all 134 pounds of him, buffeted about his huskier assistant, Jimmy Cronin, and gave Sierra Madrenes some pointers on this rugged art.

The Carew-Cronin team had worked together in training servicemen during World War II.

Mr. Carew capped his performance by taking on 200-pounder, Bernard Powell, assistant Scoutmaster of Sierra Madre Troop 1, for a more graphic demonstration of judo. Despite the weight differential, observers agreed that Mr. Carew "more than handled" Mr. Powell.

A trampoline demonstration by Robert Little concluded the evening.

Recreation Director Philip T. Mitchell singled out several citizens who helped make the program a success. Verle Rhine of E. K. Wood Lumber Company loaned lumber for the platform; City Administrator R. Merritt Baker and Park Foreman Ernie Mohler helped in preparing the park; Ralph Steele and Henry Morreson aided in stringing the electrical wiring.

PARKING GROUP MEETS

City's 1952 Recreation Program Ends

With last night's final session of the boxing and wrestling class, Sierra Madre's summer recreation program officially came to an end.

The season included playground activities, day camps, the "rugged sports" class, swimming, and last Friday's Community Song-Fest.

"We had a fine summer and are looking forward to an even better one next year," declared Philip T. Mitchell, city recreation director. He indicated that night softball might be a feature of next year's program.

Anonymous Tip Summons Police To Palm Fires

An anonymous phone caller directed police to the scene of a palm tree fire late last Thursday night.

Two trees were burning merrily when officers arrived at 2204 N. Santa Anita avenue.

A spectator said he saw the occupants of a black 1936 two-door sedan toss a firecracker into one of the trees to start the blaze. He did not get the license number.

Acting Chief Gives Holiday Advice

"Wherever you go, drive carefully."

That was the advice today of Acting Police Chief H. S. Embree.

He reminded Sierra Madrenes that the three-day holiday weekend will mean "jammed highways" throughout the state. By playing it safe, you will still be around to enjoy the Thanksgiving Day holiday, Mr. Embree added.

for an answer to the parking problem on that street. He expressed the opinion that parking restrictions should be eased on Montecito, "except for the spaces in front of businesses that rely on retail traffic."

If the R. A. Hawks Company moved away from town it would mean the loss of a \$300,000-a-year payroll, 60 employees, and approximately \$5000 in new property taxes.
